National Health Service Corps

Nation total awards \$181,777,370

As a result of the historic investments through the Affordable Care Act and the American Recovery and Reinvestment Act, the number of clinicians in the National Health Service Corps (NHSC) are at all-time highs with more than 9,200 Corps clinicians providing care to more than 9.7 million people who live in rural, urban, and frontier communities. The NHSC repays educational loans and provides scholarships to primary care physicians, dentists, nurse practitioners, physician assistants, behavioral health providers, and other primary care providers who practice in areas of the country that have too few health care professionals to serve the people who live there.

Currently in the nation 8,695 clinicians are caring for people who live in areas where health care is hard to find, which are known as Health Professional Shortage Areas (HPSAs).¹

>> 4,217 provide primary medical care
>> 1,250 provide dental care
>> 3,228 provide mental health care
>> 4,607 are working in urban areas
>> 4,210 are working in rural communities†
>> 4,293 health care job vacancies are NHSC-eligible

Awards to NHSC Loan Repayers:

>> FY2015**: \$141,349,313
>> FY2014: \$150,448,079

Awards to NHSC Scholars:

>> FY2015**: \$40,428,057
>> FY2014: \$40,792,535

Health Workforce

Nation total active grants \$1,793,801,322 to 804 grantees, through 2,052 grants

Health professions training programs increase access to health care through the development, distribution and retention of a diverse, culturally competent health workforce that can adapt to the population's changing health care needs and provide the highest quality of care for all. Health professions programs support health professions schools and training programs in medicine, nursing, dentistry and public health. Grant recipients are health professions school and training programs.

Awarded HRSA Grants:

>> FY2015**: \$777,121,347 total funding, to 626 grantees, through 1,336 grants
